Academic Information -- Promotion

- a student must have 5 credits to be considered a sophomore
- a student must have 11 credits to be considered a junior
- a student must have 17 credits to be considered a senior

Advanced Placement Program (AP) - Advanced Placement Courses: If a student enrolls in Advanced Placement courses, the student is expected to complete the Advanced Placement Exam. If a student does not take the AP exam, he or she will forfeit the advanced placement bonus points that would otherwise be awarded on the final grade. Advanced Placement courses carry a 10 point grade bonus for students who have a passing average at the end of the semester; the 10 points will not be awarded to any failing grade.

The extra points noted above will not, however, be submitted to or considered by the Georgia Student Finance Commission for the purposes of the HOPE Scholarship. Depending on state funding, students taking Advanced Placement exams may incur an exam fee.

Information about this fee will be sent home during the first six weeks of the Advanced Placement course. Any fee for the course must be paid by April 1, 2025.

Athletics - The purpose of the athletic department is to help Jackson High School build character in our student-athletes and to prepare them for their adult lives. The athletic department at Jackson High School emphasizes academics, discipline and high morals. As teachers and coaches, we hope to build a strong foundation for our athletes so that they will become productive citizens.

High School Eligibility - State Board policy (IDE) outlines eligibility requirements for all students participating in extracurricular activities in grades 6-12. Extracurricular is defined as any school sponsored program for which some or all of the activities are outside the regular classroom or class day. Students who participate in activities must meet the requirements of the GHSA.

Students must meet the following criteria in order to participate in competitive interscholastic activities:

1. Accumulate at least 2.5 credits that carry credit toward graduation in the semester immediately preceding participation, including summer school.
2. Take at least 3 subjects that carry credit toward graduation during the semester of participation.
3. Be on track for graduation in the high school grades according to the following years in attendance:
 - a. All freshmen are eligible in their first semester of high school
 - b. Students beginning their second year have earned 5 Carnegie units toward graduation;
 - c. Students beginning their third year have earned 11 Carnegie units toward graduation;
 - d. Students beginning their fourth year have earned 17 Carnegie units toward graduation.

To be eligible to participate, practice, and/or try out in interscholastic activities, a student must be academically eligible. Students will be required to pass a minimum of 3 out of 4 classes during the first semester to be eligible during the second semester.

Athletic Participation - Any student who is assigned to In-School-Suspension, suspended out of school, suspended pending a tribunal, or who is expelled may not participate in athletics for the duration of their punishment. This includes participation in practices, games, and team meetings.

Cost for Participation in BCSS Athletics and Extracurricular Activities -In BCSS, we encourage all students to engage in extra-curricular activities like Grade 6-12 school athletics, clubs, fine arts, and career/technical educational activities. We believe that student engagement in these activities improves academic performance and school climate. As a result, students are not required to "pay to participate" in

these programs. A student's inability to pay for participation costs shall not disqualify him/her from participating and shall not affect his/her status or playing time in the organization.

With that said, students may be required to pay for any uniform item, clothing item, or equipment item that they will retain private ownership of once the activity is concluded. To help the student and family with these costs for items that the students will own, most extra-curricular programs may coordinate fundraising opportunities to raise funds to reduce/eliminate these costs, and these fundraising opportunities will be coordinated and governed by the principal/athletic director, head coach or sponsor, and/or relevant booster organizations.

It is also possible that certain travel costs for some programs (like hotels and travel for events like national and state-level competitions) will require costs to be paid by students, and program fundraising efforts may also be implemented and required by those programs to reduce or eliminate those costs as well.

Required uniforms, safety equipment, and other relevant items that remain in the ownership of BCSS will be provided at no cost to the student.

Athletic Season Passes for School Sports - Adults may purchase a season pass for all sports from the athletic director for \$200 (only admits 1). If the pass is lost, the price of the pass is not refundable. Season passes are not valid for away games or playoff games.

Title IX The Equity in Sports Act Coordinator for the Butts County School System is Brentus Watts. He can be reached at (770)504-2300 or by email at: brent.watts@bcssk12.org.

ATTENDANCE: Butts County Schools Student Attendance Guidelines

The goal of the Butts County School System is to have all children in school each and every day and on time unless there is a valid reason for the student to miss school. School attendance is critical to learning; therefore, the Georgia State Legislature has established attendance laws for the entire state. Students are expected to attend the full school day. Students should be in class by the tardy bell. Unsupervised students are to leave campus within 30 minutes of the end of the school day.

When you arrive at school, report directly to the cafeteria and remain there until the first bell rings. When the first bell rings, you will proceed to your first block class. If you take the bus, you will enter and exit at the rear of the building. When you leave, go directly to your bus and immediately board the bus. Do not loiter. If you are picked up and dropped off by a driver, you will enter and exit through the front doors. Arrangements should be made so that you are picked up immediately after dismissal. Students who are late (arriving any time after the first block has begun for any reason, excused or unexcused) should report to the Attendance Office to check in. *A student may Not participate in an after-school extracurricular activity if she/he was absent from school on the day of the activity or check in after 11:30 a.m.*

Special Information about Arriving and Leaving – Students should not arrive at school earlier than 45 minutes before the start of the school day unless they are under the direct supervision of a teacher. Students must leave campus at dismissal time unless they are under the direct supervision of a teacher/staff member.

Note – Students May Not Remain In The Building Or On School Grounds To Await An Extracurricular Event That Begins In The Late Afternoon Or Early Evening On A School Day. Students Must Leave And Return When The Event Begins.

ATTENDANCE: Butts County Schools Student Attendance Guidelines

1. Excused Absences with a Doctor's Note:

- Personal illness
- A physician's excuse/note explaining the reasons for absences must be presented to the school on the date of return to school. Failure to submit a note will result in the absence being marked as unexcused.
- The school system reserves the right to verify the accuracy of the physician's excuse.
- If a child is sent home with head lice, the student is excused for one (1) day only. Parents are expected to rid the student of head lice, get a clearance letter from the Health Department and return the child to school.

2. Excused Absences with a Parent's Note:

Some examples of excused absences with a parent's note:

- Personal illness
- Serious illness or death in student's immediate family
- Court order by governmental agency
- Celebrating religious holidays
- Conditions rendering attendance impossible or hazardous to student's health/safety

A letter written by a parent/guardian, detailing the reasons for the absence, will be accepted by the school on the date of return as an excused absence. If the child is out for three (3) consecutive days, the parent/guardian must present a doctor's excuse for those 3 days to be excused.

A total of five **(5) parent notes** will be accepted for excused days, provided the reason given for the absence qualifies as an excused absence.

3. Unexcused Absences:

Some examples of unexcused absences:

- Missing the bus, oversleeping, vacations/trips, car trouble, running errands, skipping school
- An automated phone/computer system will be used to notify parents when students are absent daily.

After 3 Unexcused Days

- Personal contact will be made and documented by a school official.

After 5 Unexcused Days

- Attendance conferences will take place with students, parents, school counselors, and administrators.
- All attendance conferences will be documented in our Student Information System.
- Letter detailing the conference will be mailed home.

After 7 Unexcused Days

- Notification will be made to the System School Social Worker,
- School will notify parent and student when the student has only three (3) absences remaining (after 7 unexcused days missed) before violating the state's attendance requirements regarding the denial of driver's permits and licenses.

After 10 Unexcused Days

- Letter mailed to parents,
- Legal action may involve charges being filed on the parent/guardian/student for violating the compulsory attendance law 20-2-690.1, for violating code section 15-11-2 (12) which includes truancy (habitually absent from school without cause) and/or deprivation (education). Parents may be subpoenaed to appear before the Butts County Attendance Task Force (ATF) to address attendance concerns.

Excused Absences - Following an absence from school, a student is required to submit a written excuse note to the Attendance Office prior to first period. Excuse notes should be legible and include:

- Student's first and last name
- Date(s) student was absent
- Reason student was absent
- Contact number(s) for note verification
- Parent name and signature

If a student has a legitimate excuse, the absence will be considered excused, entered into the attendance record as such, and the student will be able to make up for all missed work. If a student does not have a legitimate excuse note or the excuse note cannot be verified, the absence will be considered unexcused and entered into the attendance record. Credit for makeup work will not be given until/unless an excuse note is submitted within three (3) school days after the absences and the absence has been marked "excused." After the three day period, the absence will automatically become unexcused. Students have five (5) school days after returning from an excused absence to make up all work that was missed with the exception of long term or previously assigned work which is due the day the student returns.

*After five (5) personal notes written by the parent/guardian for excused absences, the school administration may request appropriate medical documentation upon return to school for the purpose of validating the absences. Nothing in this code section shall be construed to require a local school system to revise any policies relating to maximum number of excused and unexcused absences for any purpose. (0 .C .G .A. § 20-2-692 .1)

Tardies to Class - Students are encouraged to be on time for each class period. Students will be marked tardy if they are not in their classrooms before the bell rings. Compulsory School Attendance Laws Georgia O.C.G.A. 20-2-690.1 requires that every parent/guardian or other person who has control of any child between the ages of 6 and 16 shall enroll and send such child to school. All children enrolled for 20 calendar days or more in public schools of this state prior to their seventh birthday shall become subject to the provisions of the compulsory school attendance law. State Board of Education policy defines the school year as 180 attendance days. Any parent, guardian, or other person who has control of any child who after five unexcused days of absence and after the child's school system notified the parent, guardian, or other person who has control of any child, upon each day's absence from school shall be guilty of a misdemeanor. After two (2) reasonable attempts to notify the parent, guardian, or other person who has control or charge of a child of five unexcused absences without response, the school system shall send a notice by certified mail, return receipt requested. The school system shall have the parent, guardian, or other person who has control or charge of a child or children to sign a written statement of possible consequences and penalties.

Checking In/Out - All students are to be present in the first block by the tardy bell. A student who arrives late (whether excused or unexcused) during the first block should report to the Front Office to check in before going to class. A student who arrives late after the first block should also check in with the front secretary before going on to class.

Any student that needs to leave school early should present a signed parent note to Front Office personnel before the first block. The student will return to the front office for a check-out slip once the note has been verified. If you are coming to school late or leaving early, you must first go to the Front Office.

*After five (5) personal notes written by the parent/guardian for excused tardiness, the school administration may request appropriate medical documentation upon return to school for the purpose of validating the tardy.

College Visits - During the junior and senior year, a student may make two (2) college visits. A college visit is a one day event. All college visitations should be completed before Spring Break. The student must complete and return to the Attendance Office the *Notification of Intent to Visit a University/College* form at least one day prior to the visit. The student must return the *Confirmation of an Off Campus College Visit* form to the Attendance Office within three days of returning to school. These absences will be considered legitimate college visits and will be entered into the attendance record as such and will not count against a student's exam exemption. Failure to complete proper paperwork, within the set time frame, will result in the absence affecting exam exemption status.

Cutting Class/Truancy - If a student is any place other than that directed by the school during class time, he/she is considered cutting class and will be subject to disciplinary action. If a student is absent from school without his parents' knowledge and permission, he/she is considered truant and will be subject to disciplinary action. The school day for all students begins when they arrive on campus.

Illness during the School Day - A student who becomes ill during the day should report to the school nurse in the clinic. The nurse will call a parent so that the student can be picked up or allowed to check-out. Students should not use cell phones to call parents regarding illnesses and check-out.

Making up Missed Assignments/Tests/Quizzes - Except in the case of an excused absence or circumstances deemed extenuating by the teacher, students WILL NOT be permitted to make up homework, tests, and/or quizzes. A student who is present the day an assignment is made (test/quiz announced) will turn in the assignment (take the test/quiz) on the first day of his/her return to school. A student who is absent the day an assignment is made (test/quiz announced) should get his/her assignment(s) and due date(s)

for the assignment(s) on the first day of his/her return to school. Failure to turn in work (make up test/quiz) by the established due date will result in a grade of zero.

Prearranged Absences - Requests for prearranged absences must be completed and submitted to the principal one week prior to the dates of absence. The forms may be obtained from the Attendance Office. Approved pre-arranged absences are designated unexcused. If they are approved, the student may make up his/her academic work. The Principal uses professional judgment in giving permission for these absences based on the reasons stated in the request. The following guidelines will apply:

- Pre-arranged absences are applicable only to trips that are considered educational in nature.
 - It is the responsibility of the student to inform the teacher(s) of the dates of the pre-arranged absence.
 - Teachers are not required to prepare assignments in advance for students who are anticipating days of absence.
 - With an approved, pre-arranged absence, the student will be permitted to make up any assignments missed while absent.
 - Arrangements to make up assignments must be completed by the student no later than 5 days after returning from the absence(s).
 - These absences will be documented as unexcused.
 - Pre-arranged absences are limited to one request per semester.
 - At the high school level, these absences will count against exam exemption and the attendance policy.
-

Requesting Assignments during an Absence

- A student who will be absent for three consecutive school days may get his/her assignments by calling the Guidance Office. When requesting assignments, please keep the following in mind:
 - Teachers must be given 24 hours to acknowledge the assignment request.

Behavior Guidelines

Jackson High School Code of Conduct - Order and structure are a critical part of the learning process at Jackson High School. The faculty and staff seek to provide a safe and equitable learning environment for all students. Our goal is to educate not to punish. However, we feel that it is necessary to provide adequate consequences for those students who behave inappropriately. The JHS Code of Conduct establishes guidelines of acceptable behavior. Any student who breaks the code is subject to consequences from teachers and/or administration. The JHS Code of Conduct applies to every student and is applicable at school, at any school related events, on school buses, at school bus stops, and misbehavior that occurs in the community. Any staff member (principal, teacher, custodian, or food service personnel) has the right to address inappropriate behavior at any time. The following code of conduct sets forth school rules prohibiting certain types of student conduct which constitute offenses in severity from minor, major, to severe. A student found to be in violation of any one of them may be subject to a range of consequences that may include suspension, expulsion or other disciplinary consequences provided for by state board rule or law. Disciplinary action for violations will include appropriate hearings and reviews in keeping with due process. In all cases, the rights

of individuals will be ensured and protected. The school will make every reasonable effort to administer the discipline code of conduct consistently. Parents and students shall carefully read and discuss ALL information contained in the Code of Conduct. Students are subject to disciplinary action for engaging in or attempting to commit any of the prohibited behaviors listed in the Code.

BCSS has adopted this Code of Conduct (“Code”) to support the creation of a safe learning environment for all members of the school community. The purpose of this Code is to state clearly our standards for acceptable conduct for students. All student behavior shall be based on respect and consideration for the rights of others. Students are expected to conduct themselves at all times in a manner that will contribute to the best interest of the school system. Expected behavior is such that promotes a safe, healthy environment for all members of the learning community.

The Code also sets forth the discipline procedures for the students who have committed violations of the Code. This Code is subject to amendment at any time. The most current version of this Code is available through the school and District websites- www.butts.k12.ga.us.

Everyone is entitled to a safe, secure, and orderly environment in which to learn and work. The rules and regulations in this Code are designed toward that end and are in effect during the following times, places, and with the following conditions:

- At school or on school property at any time of the day or week;
- Off school grounds at a bus stop, on a school bus, at a school activity, function, or event;
- On vehicles provided for student transportation by the District, and/or when either the alleged offender or the alleged victim is en route to and/or from school, or to or from a school activity, function or event;
- Off school grounds when the behavior of a student: (1) is subversive to the mission and order of the school or District; or (2) could result in the student being criminally charged with a felony or which could result in a felony criminal charge if committed by an adult; or (3) makes the student’s continued presence at school a potential danger to person or property at school or which disrupts the educational process. (O.C.G.A. 20-2-751.5(c));
- Off school grounds while the student is participating in or attending school-sponsored or school-related activities such as field trips, conferences or athletic events, or is otherwise subject to the jurisdiction of school authorities;
- Off school grounds when the misconduct is directed at a school student or employee and is related to the victim’s school affiliation, or when the off-campus conduct directly affects the safety and welfare of the school community or the orderly mission and function of the school;
- Off school grounds and when a student leaves without permission of a school official, or anytime Rule 12 would apply;
- Students are responsible for items on their person and in their possession. Possession includes, but is not limited to, items found in: book bags, purses, lockers, vehicles, gym bags, wallets, instrument cases, etc.

Additionally, students can be suspended or dismissed from participation during the individual sport/activity and within GHSA Time Guidelines at the discretion of the coach/sponsor and administration for breaking the following rules:

- Arrested for minor in possession by consumption
- Arrested for DUI (alcohol or illegal drugs)
- Possession of illegal drugs.

Beyond the conduct standards established in the Butts County Code of Conduct, a student will be immediately dismissed from participation in the Jackson athletic/extracurricular program for a minimum of

one calendar year if he/she is in possession (including possession by consumption) of alcohol or illegal drugs on campus during the school day or at any school function. Bus suspension and other consequences are decided by the principal or designee of the school.

Discipline will be administered according to the procedures in this handbook and principal discretion. School principals will coordinate with the bus transportation office when needed as part of an investigation.)

Rule 11: Weapons and Hazardous Objects – A student shall not supply, possess, handle, use, threaten to use, or transmit any weapon or any other tool or instrument capable of inflicting bodily injury as a weapon. 3. Providing false information to or about school system personnel and/or spreading false information in the community and/or community misconduct that would be so serious as to pose a threat to the school community, mission, or environment. Includes but not limited to: falsifying, misrepresenting, omitting, or erroneously reporting information regarding instances of alleged inappropriate behavior by a teacher, administrator, or school employee toward a student.

2. Butts County School System is authorized to refuse to readmit or enroll any student who has been suspended or expelled for being convicted of, being adjudicated to have committed, being indicted for, or having information filed for the commission of any felony or any delinquent act under Code Section 15-11-28 which would be a felony if committed by an adult. If refused readmission or enrollment, the student or the student's parent or legal guardian has the right to request a hearing pursuant to the procedures provided for in Code Section 20-2-754.
3. A student may be subject to suspension (for a period up to ten (10) days) and placement at alternative school if the student has been charged with a criminal law violation and if the student's continued presence at the home school potentially endangers the safety of others or which disrupts the educational process. (See student placement protocol)

Student Placement Protocol - Students who have been out of school due to incarceration or detention, or who have pending criminal law charges, often need a period of transition before returning to their home school. To protect the safety of all students and staff, Butts County School System must evaluate re-enrollment requests (and proper placement) of students returning from a period of incarceration or detention due to alleged or adjudicated criminal or delinquent conduct. Any student who has been arrested for a criminal law violation and who is seeking to re-enroll in BCSS may be subject to a period of suspension and placement at the alternative school. The primary considerations for making the placement determination are the educational needs and well-being of the returning student as well as the safety of other students and staff.

- Expulsion

*Any combination of these or other consequences

Disciplinary Definitions

Expulsion: Removal of a student from school based on the recommendations of the Butts County Board of Education Tribunal process.

Suspension: Removal of a student from school by the administration for a period of time not to exceed ten (10) days. Any student suspended from school will be excluded from all school-sponsored activities and will be given an unexcused absence from all classes. Oral notice of the charges and an opportunity for the student to explain and discuss the matter with the principal and/or assistant principal will be given to the student as soon as possible and written notice will be given within twenty four (24) hours to parents or guardians stating the reason for suspension.

In School Suspension: In School Suspension separates a student from the remainder of the student body in a controlled environment. In School Suspension allows the student an opportunity to be disciplined without interrupting his or her education. Students' assignments will be sent to the In School Suspension classroom and students will be required to complete all assignments for each class. The days spent in the In School Suspension room are used for intensive academic work with no communication among students being allowed. **Failure to abide by In School Suspension policies may result in further disciplinary actions being taken.**

Students placed in ISS cannot participate in extracurricular activities until the ISS time is completed; this includes athletics, clubs, dances, etc.

Alternative Program (NBA): The Butts County School System has established a long-term alternative program. This program has been designed to provide an educational opportunity for those students who exhibit difficulty demonstrating acceptable behavior in the traditional school environment. The basic rules and contracts will be explained to students and parents as placement is made.

Work Detail: When appropriate, students may be offered a consequence that will not remove them from the classroom. One consequence may involve working to clean up the lunchroom after a student's lunch. Not only does this reinforce the need for students to appropriately follow rules, but this also reinforces the key civic principle that in a community a person needs to return effort and service to help make the community better for all of its members

Drug and Alcohol policy - The unlawful use and possession of illicit drugs and alcohol is wrong and harmful. Any student in possession of or under the influence of THC and/or CBD without THC will be treated as an illegal drug. No student shall possess, constructively possess, sell, use, transmit or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, or intoxicant of any kind; nor shall any student attempt to sell or transmit any substance that he or she alleges to be a narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana or intoxicant of any kind:

- a. on the school grounds during and immediately before or after school hours;
- b. on the school grounds at any other time when the school is being used by any school group;
- c. off the school grounds at a school activity, function or event;
- d. en route to and from school, or;
- e. off the school grounds while the student is in attendance at any school function, or are otherwise subject to the jurisdiction of school authorities. Use of a drug authorized by a medical prescription for the student from a registered physician shall not be considered a violation of this rule. Disciplinary action up to and including expulsion and referral for prosecution, will be imposed if these rules are violated. Information about any available drug and alcohol counseling, rehabilitation and re-entry programs can be obtained from the school counselors. If "first offender" status is granted to a student, that student and/or his or her parents will be responsible for the expense of any requirement of that status.

Major offenses in Butts County Schools including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board of Education Rule 160-4-8-.16.

First Offender Status - This status may be offered by the administration to a student who is found in simple possession of illegal drugs or alcohol at school. The penalty associated with this status is ten (10) days suspended out of school. The student must attend a school board approved drug awareness course within sixty (60) days of the beginning of the suspension. The cost of attending this course must be paid by the student and/or his or her guardians. Failure to do so will result in an automatic referral to a tribunal or the Alternative Program Placement Committee

Gangs and Gang Activity - Gang membership and activity is expressly forbidden at Jackson High School. The wearing of gang colors, vandalism/tagging gang related graffiti, use of gang languages or signs or any method or sign indicating gang membership or activity is forbidden. If it is determined that a student is a member of or involved with a gang, the student will face suspension from school and/or a disciplinary tribunal.

Chronic Disciplinary Problem Student Act

Definition – “Chronic disciplinary problem student” means a student who exhibits a pattern of behavior characteristics which interfere with the learning process of students around him or her and which are likely to recur. A Discipline Task Force has been set up to help students and their families who are having a difficult time in school because of behavioral concerns. The Task Force will intervene with these students and parents and provide a workable plan for all parties involved (i.e. the student, parents, and school). The student and parents will be asked to take part in developing a plan, which will address the behavioral concerns (O.C.G.A. §20-2-765).

Disciplinary Tribunal - Students whose misconduct is serious and/or chronic will be referred to the Butts County Disciplinary Tribunal for a hearing to determine whether they should be suspended, expelled, or placed in the alternative school. When a student has been suspended, either in-school or out-of-school, for a total of five times, he/she may be considered a chronic offender.

For purposes of this Code Section, electronic communication includes but is not limited to any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photoelectric or photo optical system.

Bus Rules and Regulations - The bus drivers, schools and transportation officials of the Butts County Schools are most interested in your child's safety while being transported to and from school, and to and from school-sponsored events. Therefore, we are asking your cooperation in complying with the following bus rules:

1. Pupils residing within 1½ miles of school may ride a bus from one campus to the other.
 2. No bus may go down any road or street less than ½ mile long.
 3. School bus stops shall not be more frequent than .2 of a mile apart.
 4. Each bus must come to a complete stop at railroad crossings and must obey all traffic rules.
 5. Students are expected to help keep buses clean.
 6. Students are assigned a specific seat where they are expected to sit.
 7. Parents should notify the Director of Transportation of the Butts County Schools, Mr. Lamar Smith, of any personal injury to a student while riding the bus. (770-504-2300 x1850)

 9. Bus drivers will not allow for any reason pupils off the bus while traveling to and from school.

 16. Parents will have their children ready and at the designated bus stop at the estimated time of the bus's arrival.
-

Hallway and Commons Area behavior - It is expected that students will behave appropriately in school hallways and the commons area. Students should move quickly to their next location and avoid loitering in the hallway. During breakfast and lunch it is expected that students will clean up after themselves, taking their trays and utensils to the appropriate places when they are done eating. Failure to do the above will result in disciplinary consequences.

Public Display of Affection - Overt displays of affection are in poor taste and students shall refrain from kissing, embracing, and similar gestures on school property. Continued misbehavior in this area may lead to parental involvement and treatment as a level II disciplinary infraction.

Sexual Misconduct - Students engaging in sexual acts with any student under the age of 16 may be subject to criminal charges, which, depending on the age of the individuals, may include statutory rape or child molestation. Students who are 13 or older may be charged with a felony and tried as an adult for committing sexual offenses. In addition, students who commit such offenses may be subject to criminal penalties if convicted, which may include probation and/or imprisonment.

Timeout Policy - In many cases, the most effective way to minimize a potentially disruptive situation in the classroom is through the removal of a student. If a teacher feels that this is necessary, he or she will send the student to timeout. The student will then report to the ISS room and will remain in ISS for the remainder of the class period. The teacher will send the daily assignment with the student or communicate the assignment with the ISS teacher. After the class period has expired, he or she will continue with his/her regular class schedule. If necessary the teacher may follow up with a discipline referral based on the severity of the infraction committed. The benefit of the timeout policy is that it instantly minimizes disruptive behavior. In an effort to avoid any possible abuse of this policy, we will record the names of each student as well as the teacher who issued the referral. The principal will review this log regularly. Once a student has exceeded the timeout limit for the school year, he/she may be suspended out of school. Frequent assignments to timeout will warrant additional consequences. Final decisions with regard to discipline and consequences are determined by JHS administrators. Administrative discretion will be used to handle all discipline infractions.

Book bags and Lockers - Each student may be assigned his/her own personal locker and is responsible for maintaining the condition of the locker. Defacing lockers with writing, drawings, and stickers is prohibited. Students are not allowed to give their combinations to other students. Lockers will be assigned to every student. Please note that students are not allowed to carry book bags into classrooms. This may include large purses or any other type of large bag. Please leave your book bag and other non-essential belongings in your locker.

Students are encouraged to purchase a gym locker for personal items to be stored during gym class. The responsibility of lost or stolen items during gym class rests entirely with the student.

Tobacco Use Prohibited - No student, staff member or school visitor is permitted to use any tobacco product at any time, including non-school hours (24/7): in any building, facility, or vehicle owned, leased, rented or chartered by the (City/County) Public Schools; on any school grounds and property – including athletic fields and parking lots – owned leased, rented or chartered by (City/County) Public Schools; or at any school-sponsored or school-related event on-campus or off-campus.

Further, no student shall be permitted to possess a tobacco product while in any school building; while on school grounds or property; or at any school-sponsored or school-related event, or at any other time that students are under the authority of school personnel. Tobacco products may be included in instructional or research activities in public school buildings, if the activity is conducted or supervised by the faculty member overseeing the instruction or research project, and the activity does not include smoking, chewing, or otherwise ingesting the tobacco product.

Definitions

For the purposes of this policy, the following definitions have the following meanings:

1. "Electronic Smoking Device" means any electronic device, the use of which may resemble smoking, which can be used to deliver an inhaled dose of nicotine or other substances to the user. "Electronic Smoking Device" includes any such electronic smoking device, whether manufactured, distributed, marketed, or sold as an electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, electronic hookah, vape pen or any other product name or descriptor.
2. "Smoke or Smoking" means inhaling, exhaling, burning, or carrying any lighted or heated cigar, cigarette, or pipe, or any other lighted or heated tobacco or plant product intended for inhalation, including hookahs and marijuana, whether natural or synthetic, in any manner or in any form. "Smoking" also includes the use of an electronic smoking device which creates an aerosol or vapor, in any manner or in any form.
3. "Tobacco Product" means:
 - a. Any product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, snuff;
 - b. Any electronic smoking device that delivers nicotine or other substances to the person inhaling from the device, including, but not limited to an electronic cigarette, cigar, pipe, or hookah;
 - c. "tobacco product" includes any component, part, or accessory of a tobacco product.
 - d. "tobacco use" means smoking, chewing, dipping, or any other use of tobacco products, including electronic smoking devices.

Tobacco Policy - Our tobacco free school policy prohibits the use of all tobacco products anywhere on school property, by everyone, 24 hours per day, seven days per week.

Vaping and/or Smoking The Butts County School Board recognizes that the use of tobacco products is a health, safety, and environmental hazard for students, employees, visitors, and school facilities. JHS believes that the use of tobacco products on school grounds, in school buildings and facilities, on school property or at school-related or school-sponsored events is detrimental to the health and safety of students, staff and visitors. Jackson High School recognizes that it has an obligation to promote positive role models in schools and to promote a healthy learning and working environment, free from unwanted smoke and tobacco use for the students, employees, and visitors on the school campus.

Enforcement for Students - Consequences for students engaging in prohibited behavior will be provided in accordance with the Student Code of Conduct. Students who violate the school district's tobacco use policy will be referred to administration, a school nurse, and referral. Parents/guardians will be notified of all violations and actions taken by the school.

Bus Transportation - Bus transportation will be provided to all students and should be considered a privilege. Students will be responsible to the driver and must observe the rules of the student code when riding the bus. Bus transportation rules apply to regular bus routes, field trips, and athletic trips. Buses will load and unload at the bus loop behind JHS. Misbehavior on the bus will be taken seriously by the administration. Penalties may range from being taken off the bus to expulsion from school. Students may be assigned seats.

Calculation of Valedictorian and Salutatorian - The student who has the highest weighted numerical average will be named Valedictorian of his or her class. The student who has the second highest weighted numerical average will be named Salutatorian. In case of a tie for highest average, joint Valedictorians will be named, and there will be no Salutatorian.

To be eligible for Valedictorian or Salutatorian, students who have transferred from accredited schools, must have been continuously enrolled in a Butts County high school for a minimum of two school-calendar years, one of which must be the senior year.

To be eligible to be Valedictorian or Salutatorian, students who have transferred from schools other than accredited schools or entered from a home student setting must attend a high school in Butts County a minimum of three full school-calendar years (the student must be continuously enrolled in the Butts County School System for each of those three years), one of which must be the senior year.

Care of School and Personal Property - Students are responsible for all proper care of all books, supplies, and furniture supplied by the school. Willful and malicious vandalism or destruction of public or private property is a crime. Disciplinary action will be at the discretion of the administration including possible suspension, expulsions and/or notification of law enforcement officials. Students who are involved in vandalism will be required to make full restitution.

Students should take precautions to keep their belongings safe. Do not bring large sums of money, jewelry, and/or other valuables to school. Always close and lock your locker. Do not manipulate the lock mechanism to bypass its ability to secure your possessions. Do not give your locker combination or your student ID number to another student. Do not leave your possessions unattended in a classroom, restroom, hallway, etc.

Neither the school nor Butts County Board of Education is responsible for items brought to school which become lost or stolen including those things lost/stolen from regular or gym lockers secured with locks provided by the school. However, thefts should be reported to a high school administrator. Every effort will be made to assist in recovering lost/stolen items.

Career Pathways - In 2010, the Georgia General Assembly passed HB 400, the BRIDGE Bill, to promote career awareness in public schools. Career and academic pathways were created to foster college and career readiness. A pathway includes three units of credit in a sequence of courses defined by state guidelines and curriculum. Students are encouraged to select a career or academic pathway in a focused area of interest. Students can speak to their school counselor to discuss the various pathways offered at Jackson High School.

Cell Phones and Other Electronic Devices - In order to protect the integrity of the educational environment, Jackson High School prohibits the use of cell phones and electronic devices during instructional times between 8:10 a.m. and 3:15 p.m. unless use of devices is teacher driven. Cell phones are expected to be docked in each classroom, at the beginning of the period. Cell phones are for use only when students are not assigned to an instructional setting (before or after school and lunch) or when the use of devices is supported by teacher directed instruction.

No headphones will be allowed during the school day unless used for testing or instructional purposes. Students are expected to exhibit responsibility in the possession and use of cell phones. If the ringing, vibration, handling or use of a device interrupts the classroom, or if a student is speaking on, texting, or using his or her device in the school building during instructional time, disciplinary consequences may result. If a student is asked by any staff member to put a device away and does not comply, disciplinary consequences will be enforced. Possible consequences include but are not limited to: ISS, parent contact, detention, or other consequences as determined by the administration. The school is not responsible for the safety or security of any electronic device. If a student chooses to bring a cell phone or other device to school and it is stolen or lost, the responsibility for loss rests entirely with the student.

Use of the Telephone - If a student has to make a legitimate phone call during the school day, he or she will be permitted to do so with permission from their classroom teacher. Students may not go to the main office to use the phone unless they have a written note from their teacher. No student shall be in the hall making personal phone calls at any time. Students violating telephone protocol will be subject to disciplinary action.

Credit Recovery Opportunity - Credit recovery opportunities are available for students who do not pass courses needed to graduate. However, to be considered for credit recovery, a student must have received a failing grade no lower than a **62** in the failed course and have had no more than seven (7) unexcused absences.

Credit Repair - Credit repair is defined as the opportunity given to students to earn credit points within a two week window immediately following the completion of course. Students qualifying for credit repair must obtain a final grade no less than 65. Credit repair work/assignments will be provided and evaluated. The teacher will retain discretion with regards to the delivery model; with the model being the same for all students. Upon successful completion of assignments a grade change form will be submitted by the teacher of record. Note, credit repair opportunities should be incorporated during the school day. With the effective use of instructional focus time, student conferencing, and parental contacts, the need for credit repair will diminish. There will be a \$50 charge per credit repair.

Summer School - Students may attend summer school to make up any academic class that they have failed during the school year. A cost will be associated with this opportunity.

Computing Class Rankings in Grades 9th - 12th - All grades, beginning with the first semester of the 9th grade year (or beginning with high school classes completed in the 8th Grade) and ending with the third quarter of the 12th grade year beginning with the class of 2028, will be counted in the computation of the final numerical average. Grades made in courses transferred from other accredited schools will be included in the calculation of the numerical average. Grades based on verifying tests for course credit of students transferring from non-accredited schools will be used in computing the numerical average. Grades reflecting verifying tests for course credit of students entering from home study settings will not be used in computing numerical averages. Grades earned through joint enrollment at institutions approved for post-secondary options will be included in the calculation of the numerical average upon presentation of official documentation from the institution.

Deliveries and Messages - Parents who have something to drop off for a student should leave the item, clearly marked, with the student's name, in the designated drop-off area in the Front Office. Students should check the drop-off area between classes to pick up their item. Students will not be called out of class to retrieve dropped-off items. Deliveries of gifts for students (such as flowers, balloons, message cookies, etc.) will not be accepted. To avoid classroom interruptions, gifts and flowers should not be delivered to the school. The front office will not accept delivery of these items. No food deliveries will be allowed. Except in the case of a verified emergency, we do not interrupt classes to convey messages to students or call students to the phone.

Dress Code (Student) - Students are expected to dress and be groomed in such a way as to reflect neatness, cleanliness, and good taste. Student dress should not distract or cause disruption in the educational program or orderly operation of the school. School administrators will be responsible for determining dress code violations. The principal reserves the right to interpret or add to these provisions as the principal deems to be in the best interest of the school, student or the educational process.

Dual Enrollment

Georgia's Dual Enrollment Program SB 132, allows high school students in 10th-12th grades to earn college credit while working on their high school diploma. Students must have a qualifying SAT, ACT, or Accuplacer score, must meet the institutional GPA requirements for admission purposes, and be on-track towards the completion of the USG Required High School Curriculum (RHSC) and high school graduation requirements. In addition, a student's academic and attendance records must be in good standing. Students can participate in the Dual Enrollment for three (3) semesters (Fall, Spring, and Summer). Classroom space, labs, or media center space are not guaranteed options for students choosing to do Dual Enrollment. It is important to note that Dual Enrollment schedules must be initiated through Jackson High School, and any enrollment or withdrawal from Dual Enrollment courses **MUST** be initiated through Jackson High School. Failure to comply with any of these stipulations may result in removal from dual enrollment opportunities.

Students enrolled in Dual Enrollment courses will be responsible for providing a copy of the post-secondary transcript to the high school at the end of each grading period. Each 3-4 semester hour course receives one High School credit. Many institutions provide only a “letter” grade on their transcript with no accompanying numerical grade. In those cases, the high school will translate the “letter” grade into a numerical grade by following the table included in board policy JBC.

If a university provides numerical equivalents in their official transcripts, those numerical grades will be used instead of the table referenced above. In addition, lab classes that receive a separate grade but that are part of an academic class may count as ½ a credit on the JHS transcript.

Credit for Dual Enrollment classes received after August 1, 2013, will be weighted, for the purposes of a student's GPA for class ranking, by adding 10 points to the college or university's officially assigned final grade as noted above. The extra 10 points will not be added to any letter grade of F or any numerical grade of 69 or below. Georgia Student Finance Commission will not allow these extra 10 points to be submitted to or considered for the purposes of the HOPE scholarship.

Students enrolled in the Dual Enrollment must take a minimum of three (3) courses per semester throughout the school year. Although full-time Jackson High School students will be enrolled in four (4) courses each semester, some Dual Enrollment students will be allowed travel time in order to participate in Dual Enrollment

Eating and Drinking in the Classroom - Eating and drinking in the classroom is limited to food items distributed by the cafeteria.

Early Dismissal - If a student wishes to leave school early, that student must bring a note signed by the parent stating the reason and time for the early dismissal. This note must be submitted to the main office prior to 1st block. Any student who is to be dismissed early must be signed out in the office by the parents or an authorized person before leaving campus unless the student drives his/her own car to school. A phone call to the parent or guardian verifying the note will be completed before the student is dismissed. No checkouts will be accepted over the phone without an accompanying fax or email with guardian/parent identification. Students are not allowed to check out during final exam periods. On days prior to school holidays or special events, a student's parent/guardian may be required to come to school to check his/her student out. After five (5) parent unexcused checkouts, medical documentation is required to excuse subsequent checkouts. We do not allow students to be checked-out after 2:40 PM.

Emergency Student Information - All students must have a current emergency form on file in the school clinic. The form must have current phone numbers where a parent/guardian or a designee may be reached in the event of an emergency. The school nurse administers first aid for minor injuries in the school clinic. When a serious injury occurs, parents/guardians are notified immediately, and if appropriate, 911 will be called.

Exams and Exam Exemptions - In an effort to reward and encourage excellent academic work during the school year, Jackson High School has instituted an exam exemption policy for its students. There will be an attendance and behavior criteria connected to the exam exemption policy. ***Please note that End of Course (EOC's) assessments cannot be exempted.***

Absences for the purpose of exemptions will include early checkouts from the class. In addition, every third (3) tardy to class will count as an absence. If a student chooses to exempt an exam, the student will receive the grade earned prior to the exam. Parents and students will be presented with a list of possible exam exemptions and will be asked to sign off on those exemptions. Parents will receive notice of his or her student's exemption eligibility prior to exams. During final exams, students who are on campus are expected to be in class. This includes students who may have an exempted exam between two other non-exempted classes. Eligibility to exempt an exam is as follows:

Grade Without Exam # of Allowed Absences

Average of 85 or higher, without honors points; no more than 3 absences; no referrals

Average of 90 or higher, without honors points; no more than 5 absences; no referrals

* For the purposes of exam exemptions: every three (3) tardies to class will count as an absence.

- The type of absence is NOT considered for exemption eligibility, i.e. excused and unexcused absences are both considered as an "absence."
- Field trips and school activities are NOT considered absences.
- In-School Suspensions are NOT counted as absences. Out-of-School suspensions are considered absences.
- Final exam days missed due to exemption are NOT counted against the student for perfect attendance calculations.

There will be no check-outs during the scheduled exams. No check-outs by telephone, fax or email will be accepted during the week of exams. Exam exemption is a privilege not a right. Lost exam exemption forms will not be replaced.

FERPA

FERPA affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review, within 45 days of a request, the education records of a student who is your child, or in the case of a student who is eighteen (18) or older, your own education records. Parents or eligible students should submit to the Superintendent a written request identifying the record(s) they wish to inspect. The Superintendent or designee will make arrangements for access and provide notice of such arrangements.
2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. To request the school district to amend a record, parents or eligible students should write to the school principal, specify the part of the record they want changed, and specify why it is inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights. If the district decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing. Additional information regarding the hearing procedures will be provided with the notification of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information (PII) from the student's education records, except to the extent that FERPA and its implementing regulations 35 authorize disclosure without consent. One exception that permits disclosure without consent is to school officials with legitimate educational interest. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including school nurses and school resource officers); a member of the school board; a person or company with whom the district has contracted to perform a specific task (such as an attorney, auditor, medical consultant, therapist, or online educational services provider); a contractor, consultant, volunteer, or other party to whom the school district has outsourced services, such as electronic data storage; or a parent or student serving on an official committee (such as a disciplinary or grievance committee) or assisting another school official in performing his/her tasks. The District allows school officials to access only student records in which they have a legitimate educational interest. School officials remain under the district’s control with regard to the use and maintenance of PII, which may be used only for the purpose for which disclosure was made, and cannot be released to other parties without authorization. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his/her professional responsibility. Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.
4. FERPA requires the school district, with certain exceptions, to obtain written consent prior to the disclosure of personally identifiable information from the student’s education records. However, the district may disclose appropriate designated “directory information” without written consent, unless the parent or eligible student has advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the school to include this type of information from the student’s education records in certain school publications, such as the annual yearbook, graduation or sports activity programs, and honor roll or other recognition lists.

The School District has designated the following information as directory information: **[Note: The board may, but does not have to include all the information listed below. Information listed must be consistent with those items designated in board policy].**

1. Student's name, address and telephone number;
2. Student's date and place of birth;
3. Student's participation in official school activities and sports;
4. Weight and height of members of an athletic team;
5. Dates of attendance at schools within the district;
6. Honors and awards received during the time enrolled in district schools;
7. Photograph; and
8. Grade level.

Unless you, as a parent/guardian or eligible student, request otherwise, this information may be disclosed to the public upon request. In addition, two federal laws require school systems receiving federal financial assistance to provide military recruiters, upon request, with students' names, addresses, and telephone numbers unless parents have advised the school system that they do not want their student's information disclosed without their prior written consent. You have the right to refuse to allow all or any part of the above information to be designated as directory information and to refuse to allow it to be disclosed to the public upon request without your prior written consent. If you wish to exercise this right, you must notify the principal of the school at which the student is enrolled in writing after officially enrolling in school.

5. You are also notified that from time to time students may be photographed, videotaped, or interviewed by the news media at school or some school activity or event; unless you, as a parent/guardian objects in writing to the principal to your student being photographed, videotaped or interviewed. You must notify the principal of your objection by the date specified above. The principal will take reasonable steps to control the media's access to students. However, your submission of a written objection does not constitute a guarantee that your student will not be interviewed in circumstances which are not within the knowledge or control of the principal.
6. You have the right to file with the United States Department of Education a complaint concerning alleged failures by the school district to comply with the requirements of FERPA or the regulations promulgated thereunder. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202.

Field Trips - Field trips are planned to supplement and enrich the total instructional program. In an effort to ensure student safety, transportation is provided by Butts County school buses. Every child must have written permission from a parent or legal guardian before he/she can attend a field trip. Money Orders will not be accepted as payment for field trips. All parents who volunteer to chaperone field trips **MUST** complete a volunteer application at least one month prior to the field trip. Parents who volunteer to chaperone on field trips should understand that siblings are not permitted to attend field trips. Students with poor discipline records, attendance or grades may be prohibited from attending field trips. If a family is unable to pay for a field trip experience, please submit a confidential letter to the principal. Every effort will be made to ensure participation of all children. If a parent wishes for their child to ride with them in their family vehicle, the parent must check their child out of school (early check-out) and sign them in with their child's homeroom teacher upon arrival to the field trip site. If a child will be leaving the field trip site with their parents, the child must be signed out on a sign-out form provided by the teacher. This will be counted as an early check-out. All school policy and procedures, including the student dress code, is in effect on field trips.

Fines/Financial Responsibility - Students must clear up all financial responsibilities to the school prior to graduation and/or the end of each semester. Students who have not cleared financial obligations will not receive a report card. Recommendation request forms may be found in the Guidance Office

Transcripts - When students apply to colleges or for employment, a copy of the student's transcript is usually required.

- Transcripts can be ordered online for Georgia colleges at www.gafutures.org.

Graduation Exercises - Regardless of the number of credits a student has earned in excess of the minimum requirements needed to graduate for a particular cohort, a student may not graduate earlier than December 1 of the fourth consecutive school year of his/her entering high school cohort, which is determined by the year the student's freshman cohort entered high school. A student may graduate at the end of the fall semester of the student's fourth consecutive year of his/her designated freshman cohort as long as all other SBOE and local board requirements have been met. This rule applies to the freshman cohort entering in the fall of 2014 and all freshman cohorts thereafter.

Participation in graduation exercises is a privilege granted to seniors who have successfully completed all requirements for graduation from Jackson High School. **Students who do not earn the necessary credits or who owe fines or fees to the school will not be allowed to take part in graduation activities.** The principal, or his or her designee, may exclude a student from the graduation ceremony due to breaking the code of conduct, not participating in graduation practice, or disruption of graduation practice.

Seniors will receive a limited number of tickets to the graduation ceremony. Please keep this in mind when inviting guests to the ceremony. It is the tradition at Jackson High School for graduation exercises to be held outdoors at Red Devil Hill. In the event of inclement weather, please be advised that graduation ceremonies may be postponed or moved indoors as time/weather permits. The priority is to maintain the tradition of graduating on Red Devil Hill. Therefore, postponing the ceremony to a different day may become necessary.

Students should remember to obey directives from those in authority first before making a complaint.

Honors Courses - Honor courses carry a five (5) point grade bonus for students who have a passing average at the end of the semester; the five (5) points will not be awarded to any failing grade. The extra points noted above will not, however, be submitted to or considered by the Georgia Student Finance Commission for the purposes of the HOPE Scholarship. This status is awarded to any student who has an overall unweighted Grade Point Average of 3.7 or better at the end of his or her senior year.

Butts County School System is required by state and federal law to administer state-level academic testing. In order for students in grades 3, 5, and 8 to be considered for promotion to the next grade, data from state testing will be utilized to make a decision about promotion and retention. Parents of students who do not participate in state testing in those grades will be required to attend a promotion/retention review committee in order to be considered for promotion. Students who do not participate in state-mandated testing are not eligible for entry into honors or advanced programs in the preceding school year unless extenuating circumstances prevent the student from participating. This determination will be made by the superintendent or his/her designee.

Upon return, such students should return through designated entrances.

School Health Guidelines

1. Medication Use:

The providing of medical care to students is the responsibility of the parent. Whenever it is absolutely necessary that medication be given to a student during the school day, the following guidelines should apply:

- Each school year, an Authorization for the Administration of Medications by School Personnel should be signed by the parent and filed in the school office. A new medication form must be completed for each medication or for changes in medication. Medications taken twice daily or given in the morning are to be administered at home. Medications that are to be taken three times daily can also be taken at home, unless the medication needs to be taken with a meal.
- Medications brought to school in unlabeled bottles, plastic bags; aluminum foil, etc. will not be administered. Students are not allowed to keep medication in their possession at school (except as stated below with asthma inhalers, EpiPen and diabetic supplies). Violations of these guidelines may be subject to disciplinary actions.
- Narcotic or sedative medications will not be administered at school. The student should remain at home until they no longer require this type of medication. (i.e. Tylenol with codeine, Lortab, Xanax, Valium)
- All medications administered at school must be FDA approved for the usage (diagnosis) and route specified by the physician.

- e. Overnight field trips will require a special form, Overnight Medication Form. Controlled substances will require signature(s) of both the parent and the physician. Over the counter medications will require only the parent's permission. All medications should be delivered by the parent to the school personnel in charge of the trip at time of departure. School personnel will oversee the administration of all medications and provide documentation on the form. Upon return from the trip, the medications will be returned to the parent by the school personnel. All completed forms will be submitted to the school clinic upon return.
- f. School-day field trips will require a special form, Field Trip Medication Form. The clinic personnel will complete the top part of the form, prepare an envelope for the student containing the dose(s) required for one day, and have the teacher come to the clinic to receive and sign for the medication. The detailed procedures are listed on the Field Trip Medication administration procedures. Emergency medications (rescue inhalers/nebulizers and EpiPens) will be sent with the teacher and returned to the clinic at the conclusion of the field trip. If a student has a current Allergic Reaction Health Plan ordering an EpiPen and/or Emergency Asthma Medication Form on file at school, they will be required to have their emergency medication on the field trip to prevent any issues. If the medication is not provided by the parent for the field trip, the student may not be allowed to attend the field trip. Advance notice will be given to the parent at least two weeks prior to the field trip (or as soon as the clinic is aware of the trip).

2. Prescription Medications:

- a. The child's parent and prescribing physician must complete and sign an Authorization for the Administration of Medications by School Personnel form for the administration of long-term medications (medications given for more than two weeks). With parental consent, the medication can be administered immediately; however, the signed form from the physician must be received within two weeks or the school cannot continue to administer the medication. Medications must be brought to the school by the parent. Medications cannot be transported on a school bus except by school personnel for school trips.
- b. All refills brought to the school must be in a newly labeled bottle for the school to retain for medication administration. The pharmacy will provide 2 bottles upon request, one for home and one for school. Parents are encouraged to bring enough medication for their child until the next refill is due (usually a month). Please take into consideration holidays and weekends so that there is enough medication retained for home use. The school discourages the practice of signing out medication to the parent/guardian once it has been signed in.
- c. Short-term prescription medications must be brought to the school office by a parent. The parent will need to complete the necessary authorization form. All prescription medication must be in an original container (with pharmacy label) and include the student's name, date, current dosage, directions, duration, and medication name.
- d. Any changes in dosage or new written orders by the prescribing physician may be mailed, faxed or brought to the school by the parent.
- e. All medications will be counted by a designated school representative and the parent. The medication count will be documented on the Count Sheet.
- f. Asthma inhalers, EpiPens, and diabetes management require specific forms (Diabetic Management Plan, Allergic Reaction Emergency Health Care Plan, Permission to Carry EpiPen, and/or Asthma Emergency Medication Authorization). If the medical provider deems it necessary for the student to have these medications and/or diabetic supplies with the student instead of in the clinic or with an adult, it must be denoted as such from the provider on these forms.
- g. EpiPens may be administered by any trained employee to a student if there is a perceived or actual severe allergic reaction regardless if there is a prescription for the medication on file. **911 must be called any time an EpiPen is administered.**

- h. Levalbuterol or albuterol sulfate may be administered to a student by any trained employee if there is a perceived or actual respiratory distress requiring the medication regardless if there is a prescription on file.

3. Nonprescription Medications (over-the-counter):

- a. Tylenol, Pepto-Bismol, Tums, etc. **will not** be provided by any school personnel.
- b. OTC medications will be given on a short-term basis only (two weeks or less). Medication must be brought to the school office by the parent. Students are not permitted to bring medications on a school bus.
- c. OTC medications must be in the **original** container and the parents must sign the Short Term Medication Form. OTC medications must be given in accordance with the labeled directions (i.e. age, weight, dosage requirements). If the duration is longer than recommended on the label, the parent must provide the school with a letter of medical necessity/orders from the student's physician.
- d. Medications should be counted by a designated school representative and the parent and documented on the Short Term Medication Form and doses given should be documented on the corresponding form.
- e. Students are allowed to transport and possess cough drops and eye rewetting drops for use during the school day.

4. Head Lice

- a. Children infected with head lice will be sent home with a letter to parents regarding recommendations for treatment, disinfecting the home, and procedures for readmission to school. Only one day will be counted as an excused absence, all other days will be marked as unexcused per BCSS Attendance Guidelines. Children cannot return to class until examined and cleared by the school nurse. After 3 confirmed cases of head lice within the school year, a clearance letter must be obtained by the child's medical provider or the Butts County Health Department.
- b. All siblings of a confirmed case will be checked for Head Lice if they attend Butts County Schools.
- c. School nurses are trained in head lice detection. In the event that the nurse is not in the school building, there will be a backup person trained. The backup person will send students home only if they detect live bugs in the student's hair. If there are no live bugs, the student will be checked the next day by the nurse.
- d. If there are 3 confirmed cases within a 2-week time period from the same class, the entire class may be checked. The principal has discretion in checking any classroom for possible infestation.
- e. If a parent reports head lice to the classroom teacher or the front office, it should be reported to the school nurse so appropriate action can be taken.

5. Illnesses

- a. Every effort will be made to encourage students to remain at school when they complain of minor pains and discomfort. Parents will be notified immediately of anything requiring more serious attention. You will be required to pick up your child when he/she has a serious illness or fever greater than 100.4 degrees. You may also be required to pick up your child with the following issues (as deemed necessary by clinic staff): vomiting, diarrhea, unusual/unexplainable rash, red/itchy draining eye, etc. Children should not return to school until they have been without fever, vomiting, or diarrhea for 24 hours. This may be enforced if there is a suspected contagious illness and deemed appropriate by clinic staff.
- b. If a student has painful urination, blood in their urine, or pain in their genital area, the school will contact you. You may be requested to take your child to the doctor for an evaluation. This complaint can be from many sources; therefore, you will want to work with your school nurse and physician and provide the school nurse with information regarding the diagnosis.

6. Chronic Conditions

- a. When a student has a chronic medical condition that requires managing by school staff, health plans and/or physician's orders will be required. Health plans will be required for any student that needs an EpiPen for severe allergies and/or diagnosed with Type I Diabetes, Seizure Disorder (Epilepsy), or require Special Procedures while at school (i.e. trach care, urinary catheterizations, suctioning, GT feedings), etc. These health plans will be required prior to the student attending school and must be updated each school year. The school nurses may deem additional health conditions or situations not listed that may need a plan based on individual students.
- b. All supplies and medications needed for the school to perform special procedures and take care of students with chronic conditions must be available at school every day or the student may not be allowed to attend.

7. Hospital Homebound Services

- a. Hospital/Homebound (HHB) services are designed to provide continuity of educational services between the classroom and home or hospital for students in Georgia public schools whose medical needs, either physical or psychiatric, do not allow them to attend school for a limited period of time. HHB instruction may be used to supplement the classroom program for students with health impairments whose conditions may interfere with regular school attendance. Contact the school principal and/or district social worker for more information.

8. Food Allergies

- a. Every effort will be made to protect your child from receiving food that he or she is allergic to. For the cafeteria to make any substitutions for a food allergy, there must be an up-to-date physician signed document on file at your child's school stating the child's allergy.

9. Clearance to Return to School

- a. There are several situations where a clearance note will be required for your child to return to school. These are but not limited to: Returning from surgery or overnight hospitalization (need clearance and any limitations), clearance from head lice, clearance after being sent home for a suspicious rash or skin condition, clearance for pain in genital areas, blood or burning of urine.

In the event of a life-threatening situation or critical injury, the school will make every effort to contact the parent/guardian and take appropriate emergency medical action. Should this need arise, the parent/guardian will be financially responsible for medical care/treatment and ambulance transportation. Our School Nurses follow the guidelines suggested by the School Health Resource Manual developed in combination by the Department of Education and Children's Healthcare of Atlanta. In the event CDC, DOE, or DPH guidelines supersede any above guidelines, they will be followed. BCSS reserves the right to make changes if needed to protect the safety of our students and staff.

School Sponsored Events - Participation in school sponsored events is a privilege and not a right. Students not in good standing with grades, attendance, or behavior may be excluded from any school sponsored event, examples are, but not limited to, homecoming, prom, graduation, etc.. Students may not participate in a school sponsored event if they have been suspended or expelled during the date of the event.

School Property and Searches - It is the policy of the Board of Education that lockers, desks, and other property furnished to the students remain the property of the Board of Education. Such property is subject to search by school officials.

To maintain order and discipline in the school and to protect the safety and welfare of students and school personnel, school authorities may search students, student lockers, and/or laptops and seize any illegal, unauthorized, or contraband materials discovered in the search. School authorities for any reason may conduct periodic general inspections of lockers or property at any time without notice, without student consent and without a search warrant. Random drug dog searches will occur throughout the year.

Search - The administration reserves the right to search book bags, lockers, vehicles, and/or students if in the opinion of the administration there may be articles in the student's possession that might be detrimental to the student or to the student body. Students that refuse a search, by administration, will be subject to the Code of Conduct - Rule 2: Disregard of Directions or Commands. Students may face disciplinary action as serious as expulsion and a tribunal hearing.

Search of Automobiles - It is the policy of the Board of Education that school officials may search automobiles brought upon Board of Education property after the student grants permission. If a student refuses permission for a search of an automobile, the administration may revoke parking privileges and/or contact proper legal authorities. Law enforcement officials may search automobiles if probable cause is found. Random drug dog searches will occur throughout the year, so students should remain aware of what items are kept in their cars.

Search and Seizure - Students that refuse a search, by administration, will be subject to the Code of Conduct - Rule 2: Disregard of Directions or Commands. Students may face disciplinary action as serious as expulsion and a tribunal hearing.

Security - Students should take precautions to keep their belongings safe. Do not bring large sums of money, jewelry, and/or other valuables to school. Always close and lock your locker. Do not give your locker combination or your student ID number to another student. Do not leave your possessions unattended in a classroom, restroom, hallway, etc.

If something of yours is lost or stolen, report to the School Resource Officer. Every effort will be made to assist in recovering lost/stolen items; however, the school is not responsible for personal loss/theft from regular or gym lockers including those secured with locks provided by the school.

Selling items on School Property - The selling of any items at school is prohibited unless prior approval is obtained through the principal's office.

Standardized Testing - All students are required to participate in those standardized tests mandated by the state such as the Georgia Milestones End of Course Exam (EOC). Students who take an EOC will not have an additional final exam at the end of the semester. EOC will be given upon the completion of the following courses and will count as 20% of the students' semester grade. Students will receive an "incomplete" for the course until the EOC has been taken.

American Lit.
Biology

Algebra Concepts and Connections
US History

Students may choose to take various optional tests such as the Scholastic Aptitude Test (SAT), PSAT (Preliminary Scholastic Aptitude Test), American College Test (ACT), or Armed Forces Vocational Aptitude Battery (ASVAB).

Butts County School System is required by state and federal law to administer state-level academic testing. In order for students in grades 3, 5, and 8 to be considered for promotion to the next grade, data from state testing will be utilized to make a decision about promotion and retention. Parents of students who do not participate in state testing in those grades will be required to attend a promotion/retention review committee in order for the student to be considered for promotion. Students who do not participate in state-mandated testing are not eligible for entry into honors or advanced programs in the next school year unless extenuating circumstances prevent the student from participating. This determination will be made by the superintendent or his/her designee.

Universal and Dyslexia Screener - STEEP is used as the universal screener and dyslexia screener. It is administered at the beginning, middle and end of the school year to all 9th grade students. The middle of the year administration of STEEP is the identified time for notifying parents of the dyslexia screener results.

Supervision - Hours of supervision by Jackson High School staff and personnel are from 7:30 a.m. until 4:00 p.m. For safety and security reasons, parents should not deliver students prior to 7:30 a.m. Upon arrival on campus, students should remain in the commons until they are dismissed to class. Supervision cannot be guaranteed before 7:30 a.m. or after 4:00 p.m.

Technology Use at School - The use of technology at Jackson High School is a common occurrence. Students are permitted and given the privilege to bring their own personal, privately owned wireless devices to school and use these devices before and after school, during class change, and during lunch. However, during class time personal devices will be put away and not in use unless directed by the teacher. Students are responsible for their own devices, and if a device is lost, stolen, or damaged, it will be handled through the administrative office similar to other personal artifacts that are impacted in similar situations. Jackson High School will not be responsible nor held liable for the electronic devices owned by, and brought to school by students including items that are lost, stolen, or damaged. ***Students may not use flash drives or attach personal devices to any school computer.***

Students who use Google accounts or school technology for any reason other than educational purposes are in violation of the Student Code of Conduct and will be disciplined accordingly. Students and parents must opt-out on the "Parent/Guardian Signature Page of the Student Code of Conduct" if they wish to not use any Butts County electronic device. Students are issued a username and password to access the school computers and their

Virtual Academy (GaVS) - At Jackson High School, we believe students should have the opportunity to choose courses from a wide range of subject areas. As a result, Virtual Learning classes are part of the JHS course selection for the 2024-2025 school year. Georgia Virtual School is a program of the Georgia Department of Education's Curriculum and Instruction Division. The program is SACS CASI accredited and operates in partnership with schools and parents to offer middle school and high school level courses across the state.
